Subject: EPA Pretreatment Audit-City of Helena 30-day response

Hello Mark and Matt,

I called and left you a voice mail, after talking to Matt. I want you both to know that I am available this week to provide further clarification of the audit report or to discuss follow up action items to provide assistance in completing the 30-day response to the EPA Pretreatment Audit report.

The 2-week extension closes this Friday, February 16, 2018.
